The Charm of Pretty Silver

"Doubles the pleasures of Entertaining"

Sterling Silver carries with it a certain substantial dignity that imparts distinction and refinement to the home. Family Silver is an indication of taste and culture and should be in keeping with the other appointments of the dwelling.

The table is the measure of the home; here are honored the dearest friend and most respected guest; its appointments should be worthy of its place.

Colonial Silver

The plain lines characteristic of the Colonial style of silver are now in high favor. Good silver may also be had in plated ware which partakes of the same general nature as the sterling.

We will feel honored to have you call and let us show you these newer designs, which undoubtedly will suggest something you will be proud to possess.

Death of E. R. Churchill.

Edwin Ruthven Churchill died at his home on west Tenth street at 8:15 last evening at the age of seventy-six.

Mr. Churchill had been in poor health since July 11th and was confined to the house since that time. The ministrations of a loving family and kind friends, aided in relieving his sufferings, but for some time his condition was such that the relatives knew that the end was near.

Seven years ago the deceased came to this city and engaged in carpenter work until his health failed. He was born in Vermont and belonged to the 1st Vermont Cavalry. Forty years ago he married Miss Clara W. Record in Missouri later coming to Kearney where they lived for a number of years. To this union were born eight children who with his wife survive him.

The funeral will be held from the residence at 2 o'clock Sunday afternoon, conducted by Rev. Cram and the G. A. R. and interment made in North Platte cemetery. Mr. Churchill was an upright, honorable citizen who will be missed by all who knew and associated with him.

Notice to Water Consumers.

On Sunday, November 10th, the water will be turned off from the entire city from about 10 a. m. to possibly 4 p. m. This is done so that we may make a connection to the present mains for the new pump. The fire whistle will be blown about 9:30 a. m. and water consumers are requested to take out whatever water they will need for their use. The work will be rushed as rapidly as possible and water will be turned on again at the earliest possible moment but it would be well for consumers to provide themselves with plenty of water. We regret the necessity of this inconvenience but it is the best we can do under the circumstances.

The water will be shut off from various portions of the city at different times during the coming week to enable us to make some repairs to certain valves. As it will not be possible to say just what portion will be shut off any particular day we would advise all consumers to draw off a temporary supply of water whenever they hear one long blast of the fire whistle.

Those portions of the city which will be especially liable to be shut off will be as follows: All the city south of Third street, all of the city east of Cottonwood; Locust street, East 6th St., East Front St. In every case we will get water turned on again at the earliest possible moment but cannot state just how long water will be off in any particular case.

HERSHEY S. WELCH,
Water Commissioner.
